Just Opposite Torrance Laundry

Check Writer With No Funds Reported Here

Robert Eipper, employee of the Union Oil Co. service station, corner Carson st. and Arlington ave., reported to police Friday a new check passing technique.

Eipper told police a man, described as middle aged, with gray hair and wearing a gray suit, drove into the station and acted as an old customer, asking about Eipper and his wife and the welfare of their child. He said along with the familiar conversation the man appeared to be a regular customer. He offered a \$25 personal check after buying 90 cents worth of gasoline, and Eipper cashed it for "the friend."

The next day the check bounced back with no record of such a depositor.

ENTERTAIN COUSINS
House guests of Mr. and Mrs. M. W. Atwood, of 2805 Torrance blvd., are his cousins, W. B. Mielen, of Longmont, Colo., and Mrs. Pearl Levens, of Santa Ana.

Gopher Control Necessary To Good Gardens

About this time of year, Mr. and Mrs. Gopher send their winter brood out to build new homes. This will soon mean new gopher runs and new gopher families, and before long more gophers.

Get 'em before they get your garden, urges the farm advisor, thinking of those rows of tender vegetables in your garden which would be very attractive to these tunnel builders.

Traps, poisons, and poison gas are all rather successful if used consistently and persistently. If uncontrolled, gophers can destroy a great deal of food and will also damage young trees when the supply of garden greens becomes deficient.

PLANS TRIP
I. Washer, owner of the Gay Shop, is planning a trip through-out the south in the interest of hosiery purchases for his store, according to Blaine Walker, secretary of the Torrance Chamber of Commerce.

Thousands Expected To Witness Record Meet Of Model Race Cars

Thousands are expected to attend the World Model Race Car Meet in Torrance April 28, according to A. W. Finch, president of the Torrance Model Race Car Club, when two world record holders start their midgeets leaving around the 264-foot track located at Plaza del Amo and Border ave.

The meet will start at 9:00 a.m. and will go far into the afternoon, registrations indicate.

Plan For Park At Torrance Beach Shelved

(Continued from Page 1-A)

which makes the \$8,200,000, would be set aside for the groins, pumping sand and general rehabilitation of the shoreline.

A citizens committee, headed by P. G. Winnett, president of Bullock's, had proposed three greater beach parks to cost 3 million dollars each. At that time Supervisor Raymond V. Darby proposed that one should be located at Torrance beach.

The county administrative officer referred to the Long Beach facilities in this manner, "in the Long Beach area, a greater beach park could be built substantially to the type and design of the unit submitted by the citizens committee, based on estimates of the cost of adding sand for widening the beach at Long Beach. A figure of \$500,000 was arrived at, while the cost of the building and parking facilities would be \$2,200,000.

Assurance Of Airport Permit Received Here

(Continued from Page 1-A)

would have control of the Lomita Flight Strip, Congressman King was active in behalf of the City of Torrance. He kept in constant contact with the War Department, the Navy, the Surplus Property Board, and finally with the Public Roads Administration, which agency it was finally determined was the one with which we should deal.

"When the Navy decided to take over the Flight Strip, and it looked as our hopes of securing it had vanished, Congressman King consulted with John Sullivan, Assistant Secretary of Navy for Air, and secured an agreement for the Navy to relinquish its prior claim with the provision that use of the airport would be given the Navy in case of emergency—a reservation to which there naturally could be no objection," Parkin said.

As the Lomita Flight Strip is the first airport under the Public Roads Administration to be released to a municipality, the proceedings have been followed with unusual care, Parkin pointed out.

TWO MILLION FOR COUNTY TREASURY SET BY PROGRAM

When Los Angeles county places its continuous delinquent property tax sale plan in action, it will be the beginning of a program which will bring more than \$2,000,000 into the county treasury, County Supervisor Raymond V. Darby, sponsor of the idea of constantly offering to sell the tax delinquent parcels, said that 20 extra clerks have been added to the staff of County Tax Collector H. L. Byram to handle the increased work. The last scheduled sale of tax lands will be some time in July. After that, the continuous day-to-day sale will go in effect. The county will set a minimum price for all of the 70,000 odd parcels now on the delinquent rolls.

Use of Private Homes for Polls May Be Required

The registrar of voters can't take over private property for voting places without consent of the owner.

Supervisor Raymond V. Darby proposed the question to the county council during the board session when County Registrar of Voters M. J. Donoghue claimed that he was having difficulty obtaining polling places in the Long Beach Bel-Air districts.

"Can't we just go in and take over property on the principle of the subpoena," Donoghue queried.

The county council said, "No. The county has no such powers and the state legislature will have to pass an amendment to the election law in order to incur it."

"Then I move that this board authorize the county council to prepare such an amendment and submit it to the legislature," Donoghue replied with gusto.

The board passed the motion.

TARTAR KNIGHTS WOULD MEET IN CIVIC AUDITORIUM

Because of lack of facilities at Torrance high school, the Torrance Tartar Knights Tuesday night asked the City Council for use of the Civic Auditorium on May 2, when the local school group will be host to the Tartar Knights of the Marine League schools.

Bill Knight, Knight captain, said that the Knight conclave will bring students to Torrance from Wilmington, San Pedro, Lomita and Harbor City.

MOOSE LODGE PROPOSES BIG LABOR DAY MEET

A proposal that the Loyal Order of Moose lodge in Torrance have use of the Torrance ball park for a mammoth picnic on Labor Day was referred to City Recreation Superintendent Dale Riley by the City Council Tuesday night.

The request of Capt. R. L. Llewellyn of Co. H, 2nd Battalion, 39th Regiment, California State Guard, for continued use of the park on Monday nights for military purposes also was referred to Riley.

Torrance and surrounding area, including manufacturers of household equipment, relative to the planned industrial and commercial exposition planned from July 4 to 6.

Lewis also is contacting manufacturers of airplanes and airplane parts and equipment throughout the United States for reservations for the aircraft exhibition to be conducted in conjunction with the mammoth air show to be held on Torrance airport.

John P. Stripling, sports editor of the Torrance Herald and a Civil Air Patrol captain, arranging an air circus to be held on July 5 and 6 to be participated in by aerobatic experts as well as military fliers.

Included in the plan, which will start July 3 and end July 7, are the following events:

- A two-day rodeo, July 3 evening and July 4 afternoon.
- A Fourth of July Parade, with floats from all organizations, morning of July 4.
- A fireworks display on the evening of July 4.
- A Fourth of July banquet in the Civic Auditorium.
- A typical Cowboy Dance, Fourth of July.
- Aerial Circus at the Torrance Airport, Friday and Saturday, July 5th and July 6th.
- Industrial and Commercial Exposition, July 4 to 6.
- Carnival and barbecue, with general sports events open all ages.
- Style show and crowning of queen.
- Midway and carnival in downtown Torrance.
- Exposition of War trophies.
- Joint patriotic program.
- Special church services July 7.

Many additional affairs have been planned, including the formal dedication of the Torrance 600-acre airport.

NATIONAL GUARD A. F. Present Plans Being Developed by the Army Air Force call for 84 air squadrons of 16 planes each for the National Guard Organization. The 84 squadrons would be located at strategic points and 72 of them would be fighter units. Each state will have at least one unit.

PRIZE WINNING QUALITY

for **PRIZE-WINNING MEALS**

It takes the best to make the best—and that axiom is never truer than it is in cooking. Prize-winning meals call for foods of prize-winning QUALITY—for the good-tasting goodness of well-known brands... for the zestful zing of flavor-fresh produce... for the keen delight that's in every bite of choice meat! Yes—it takes the best to make the best and you get the BEST FOR LESS when you shop here because we feature an abundant variety of fine quality foods at money-saving prices.

GARDENA FOOD STORE HIT FOR BUTTER SALES

OPA went into the Los Superior Court today in an effort to invoke three of its most severe penalties to force compliance on the part of Everett Giles, operator of a Gardena retail food store at 14013 So. Vermont ave., with the provisions of the government's price control regulations.

OPA's suit charges the defendant merchant with sale of butter at \$1.10 a pound while the legal ceiling for the product had been established at but 67 cents.
